I very much liked the fact that we learned other stuff in class along with what the book was teaching us, and that you put the lectures online so I didn't have to worry about keeping up with notes and could actually catch everything.

A new book / no more online work book would be nice I find this books layout to be horrible!

Thank you for your participation!

1. She went over certain aspects really well. She made sure everyone participated.

2. Some things that seemed really important were just kind of skimmed such as conjugation. I feel that some of the difficult grammar sections should initially be explained in English to make sure every one gets the basics and then speak only in French. The online work did not help and was too time consuming.

3. Thanks!

Wonderful class and I am going to take 102 with the same instructor. Only problem with the class was the online portions, but that was not her fault.

For me personally, this course was very difficult. I had a hard time forming good study habits for it, and I felt for a 101 class, it moved too fast. I quickly fell behind by the 2nd test. ☹

It would be really helpful if, on blackboard, the english equivalents to vocabulary were accompanied by the French vocab.

Thank you for your participation!

I especially liked the movies we watched and I thought those were good in trying to comprehend what we were hearing and trying to answer the questions.

I thought the class was good and that we went over subject matter at a fairly good pace

The course was great. I especially liked the little sketches we were assigned. I also appreciated all the questions she took the time to answer. The only thing I didn't like were 2 of the films. I thought they were trashy, frustrating and taught mostly bad vocabulary (2, 4th) but the 3rd film was great.

Overall, a very enjoyable learning experience

Professor Josey was enthusiastic about the subject, which translated well in her teaching. It made me excited to come to class and even more interested in the subject matter. She is thoughtful and encouraging and helps students until they understand. She is an excellent professor and I'm glad I'll have her again next quarter.

The online workbook isn't very good. I'd prefer a hard copy workbook to write in.

Also, the order the book presents things in is a little strange.

The only thing I regret in taking this class was not realizing how challenging the course would be compared to high school language classes, especially since I have never before studied French. Despite my lack of study skills, I enjoyed the class and learned a lot. I was surprised by how much I managed to actually understand.

1) There was an excellent balance between speaking + listening/lecture. I really enjoyed the movies - they inspired & motivated me to keep learning French. I also appreciated how specific you were about pronunciation and corrected as on it, the practice tests were very helpful!

2) Sometimes the blackboard lectures were too fast. I appreciate you posting them on Blackboard, but I would have liked to have more time to discuss and process it in class.

3) I wish my schedule allowed for me to continue in the sequence because I really enjoyed your class - it was much better than any of the other language classes I've taken at Western!

Please, for all that is still wonderful in the world, don't make us use the online workbook anymore. It is far too technical and picky, and we would do far better with a paper workbook.

Other than that, this has been my favorite class of the quarter.

In this class, I most enjoyed the small size and interactive aspects of the course. Everyone was friendly, helpful which made the immersion style more easy to deal with. I also enjoyed all of the films we watched and thought they were helpful in learning vocab. The online workbook, however was frustrating.

I loved this class! It was definitely my favorite!
The instructor is so great & she really loves French,
which makes it more fun & easier to learn. I took
4 years of French in high school & I still learned new
things and finally grasped different concepts.
The only thing I wasn't completely satisfied with
was the electronic workbook. Otherwise the class
and instructor were both AWESOME! (U)

I felt that this class was taught extremely well, and I'm already understanding much more french along the way. It is extremely helpful that the instructor speaks (usually) only french in class, and this has helped with my ability to speak as well. I really enjoyed the films as well and was surprised to find that they were actually quite interesting and amusing. There isn't anything that I could see improved for the class. I think that it was taught exceptionally well and look forward to more french throughout next year.
